

Conducting Scientific Research: Practical Steps

Thursday 31st, October 2019. Basra Medical College

Dr. Omran S. Habib

Professor of Community Medicine/epidemiology & health care, Basrah Medical College

M.B., Ch.B. (University of Basrah 1977)

MSc. (University of London, LSHTM 1981)

PhD. (University of London, LSHTM 1985)

Head of Department of Community Medicine /Basrah Medical College 1989-1995, 2001–2004

Assistant Dean for scientific, administrative and students affairs /Basrah Medical College 1995–2001

Member of the Council of Community Medicine and Family Medicine (Iraq).

Member of the Scientific Council of Community Medicine and Family Medicine in the Arab Council for medical specialties.

Why you should attempt this workshop?

- Researchers need to be familiar with basic practical steps in conducting scientific research in terms of choice of topics, specification of research question and objectives, methodology and data handling and analysis. In addition they need to grasp basics of report/paper writing.

- In this short workshop, a brief introduction will be delivered to participants about the above mentioned steps. The workshop will consist of theoretical background, group discussion and group work and presentation.

- Participants are encouraged to bring with them their own proposed research work. The workshop tutors may use participant proposed research works for practical group work

Time	Activity
9:00-9:15 A.M.	Registration
9:15-9:25 A.M.	Welcome
9:25- 9:45 A.M.	Basic steps of conducting scientific research
9:45-10:00 A.M.	Open discussion
10:00- 11:00 A.M.	Group work
11:00-11:15 A.M.	Short break for refreshment
11:15-11:35 A.M.	Data handling and drafting a paper
11:35-12:35 P.M.	Group work
12:35- 12:50 P.M.	Summing up
12:50-1:00 P.M.	Closing: certificate delivery, group photo and workshop assessment by participants

- **Tutor: Omran S. Habib Professor of Community Medicine/epidemiology & health care, Basrah Medical College / Iraq**
- **Facilitator: Jawad H Ahmed (PhD in pharmacology)/Iraq, Asaad Q Al-Yassen (MSc in community medicine)/Iraq and Sadek Hassan (consultant pediatric surgeon)/ Iraq**
- **Maximum number of candidates is 20**
- **Registration fees: USD 100**
