

جامعة البصرة

كلية الطب

فرع النسائية و التوليد

برنامج التدريبي للمرحلة السادسة المدمج

يقوم فرع النسائية و التوليد بتدريس وتدريب المرحلة السادسة وهي المرحلة المنتهية في تدريب كلية الطب

يكون التدريب في المرحلة السادسة تدريبا عمليا بصورة كلية وبسبب جائحة كورونا وتجنب انتشار الوباء وحفاظا على صحة الطلبة يتم التدريب المدمج . على مايلي :

- ١- يتم حضور ٥٠ طالبة و طالب للتدريب فرع النسائية كل ٣ اشهر
 - مدة التدريب : ١٢ شهر
 - نوع التدريب : يشمل التدريب الافتراضي و التدريب الواقعي
 - ٢- التدريب الواقعي :

يقسم الطلبة السى ٤ مجاميع حيث ان كل ١٢ طالب وطالبة في مجموعة واحدة

٣- مكان التدريب :

التدريب الواقعي يتم في داخل الفرع بواقع ٤ قاعات تدريبيه داخل الفرع

٤- مكان التدريب الافتراضي يتم من خلال منصه (FCC او الزووم)

٥- تقسيم أيام الأسبوع للتدريب للمجاميع

| ت | أيام الاسبوع | نوع التدريب | مكان التدريب | وقت التدريب | عدد التدريسي | رقم المجموعة |
|---|--------------|-------------|------------------|-------------|--------------|----------------|
| ١ | الاحد | واقعي | ٤ قاعات في الفرع | ٨ - ١٢ ظهرا | ٤ تدريسيين | ١,٢,٣,٤,٥ |
| ٢ | الاثنين | واقعي | ٤ قاعات في الفرع | ٨ - ١٢ ظهرا | ٤ تدريسيين | ١,٢,٣,٤ |
| ٣ | الثلاثاء | سمنار | افتراض ي | ٩ - ١٢ | تدريسي واحد | جميع المجاميع |
| ٤ | الاربعاء | واقعي | ٤ قاعات في الفرع | ٨ - ١٢ | ٤ تدريسيين | مجموعة ١,٢,٣,٤ |
| ٥ | الخميس | واقعي | ٤ قاعات في الفرع | ٨ - ١٢ | ٤ تدريسيين | مجموعة ١,٢,٣,٤ |

يتم إعطاء السيمينارات افتراضيا عبر منصق (FCC) وحسب جدول معلن في التقرير التدريسي الواقعي :

١- يشمل تدريب بواقع وجبتين ,الوجبة الصباحية من الساعة ٨ - ١٠,٣٠ الوجبة الثانية من ١١ صباحا لفاية ١ ظهرا

٢- يكون مادة التدريس تعطى على شكل - حالات مناقشة سريرية

-شرائح توضيحية

-محطات اوسكي

- عرض فديوي

٣- يسلم الطالب (logbook) ويثبت الحضور والنشاطات للتقيم

University of basra

Medical college

Department of obstetrics & Gynaecology

Detailed curriculum 2020-2021

For 6th year medical student in the department of O&G :

1 - Duration of training:

The first 11 weeks are training.

The last week is assessment and clinical examination.

-2-The training course include:-

– virtual electronic training program through the FCC station or Telegram weekly,(every Thursday) for all the student at the same time. It include Seminars and Video YouTube channel for demonstration of clinical examination session and operative procedure.

- Actual practical training in the skill lab. It will be conducted in the department, small groups halls which are 4

Skill lab halls are well equipped for training skills.

therefore the students will be divided into 4 groups each group composed of 12 student , the actual training days include 4 days / weeks

Goals and Objectives of the program:-

1- The ability to build up a map through how to record information from patient and correlate these with clinical signs and how to use what facilities available to reach an approach to the diagnosis and treatment of different diseases.

2-The student will demonstrate the ability to perform an obstetric and gynaecologic examination, including breast examination and complete pelvic examination

3- The ability to deal with different emergencies as safe doctor on day one and the development of skills in performance of simple procedures.

4-The ability to deal with different drugs safely.

5-To establish a relationship of mutual respect between the physician, patient and the patient's family, and acquire the basic interpersonal skills which facilitate this relationship.- 6- To learn interpretation the investigations.

7- To learn the emergency maneuvers like curettage and and instrumental delivery, and episiotomy.

8-To learn how to deal with infertile couple.

9- To learn how to screen for cervical carcinoma

10- To learn the first aid management of obstetrics instrumental delivery, and episiotomy.

8-To learn how to deal with infertile couple.

10- To learn the first aid management of obstetrics emergency like massive obstetrics haemorrhage, eclampsia.

11-To learn how to pass an OSCE and slide examination

12- The student will be able to describe the stages, mechanisms and management of normal labor and delivery and identify common problems in obstetrics

13-To know management of the common gynecological disorders.

14-To learn the types and indication of family planning methods

Evaluate Effectiveness

- Feedback evaluation from the students in regard to lectures and clinical training by questionnaire.

- Evaluation of the all examinations result.

- Evaluation of the final examination papers

- Interviews with the students of low scores

-Feedback evaluation from external stakeholders include medical staff, specialists, patients

Assessments:-

- 1) - Daily assessment during clinical session regarding discussion, participation**
- 2) Case presentation for discussion**
- 3) asses the student attitude and his communication**
- 4) The logbook provides a framework to plan training in obstetrics and gynecology and -to record of training progress.**
- 5) Formative assessment**

Clinical examination includes OSCE at the end of training course and by the end of academic year.

Weekly schedule activity:

First week:

| Day/ time | Group no. | Topics | No. of halls |
|----------------------------------|------------------|---|--------------------------|
| Sunday: 9-10.30 AM | 1,2,3,4 | Meeting with the students | 1,2,3,4 |
| Monday: 9-10.30 AM 11- 1PM | 1,2,3,4 | Case problem discussion: ANC ANC | 1,2,3,4 |
| Tuesday | All the students | ANC | Virtually by zoom or FCC |
| Wednesday: 9-10.30 AM 11- 1PM | 1,2,3,4 | Case problem: early pregnancy bleeding Obstetric emergency: Acute condition in early pregnancy | 1,2,3,4 |
| Thursday: 9-10.30 AM 11- 1PM | 1,2,3,4 | SKILL LAB: Obstetric exam.. | 1,2,3,4 |

SECOND WEEK

| Day/ time | Group no. | Topics | No. of halls |
|--------------------------------|------------------|---|---------------------|
| Sunday: 9-10.30 AM 11- 1 PM | 1,2,3,4 | Case problem discussion: Recurrent miscarriage Obstetrics emergency: Vaginal bleeding in early pregnancy | 1,2,3,4 |
| Monday: 9-10.30 AM 11- 1PM | 1,2,3,4 | Case problem discussion: Hyperemesis gravidum Obstetric emergency: H mole | 1,2,3,4 |
| Tuesday | All the | Prolonged labor causes | Virtually by |

| | | | |
|---|-----------------|--|--------------------|
| | students | and management | zoom or FCC |
| Wednesday: 9-10.30 AM 11- 1 PM | 1,2,3,4 | Case problem:Hypertensive disorder Obstetrical emergency: eclampsia | 1,2,3,4 |
| Thursday: 9-10.30 AM 11- 1PM | 1,2,3,4 | Skill lab. Pelvic examination | 1,2,3,4 |

3rd week

| Day/ time | Group no. | Topics | No. of halls |
|--|-------------------------|---|---------------------------------|
| Sunday: 9-10.30 AM | 1,2,3,4 | Case problem: Rh isommunization | 1,2,3,4 |
| Monday: 9-10.30 AM 11- 1PM | 1,2,3,4 | Case problem discussion: Covid in pregnancy Obstetrics emergency: labour management with covid | 1,2,3,4 |
| Tuesday | All the students | Fetal wellbeing in pregnancy and labor | Virtually by zoom or FCC |
| Wednesday: 9-10.30 AM 11- 1PM | 1,2,3,4 | Case problem:primary amenorrhea secondary amenorrhea | 1,2,3,4 |
| Thursday: 9-10.30 AM 11- 1PM | 1,2,3,4 | Skill lab: Instrumental delivery | 1,2,3,4 |

4th week

| | | | |
|---|----------------|---|--|
| Sunday: 9-10.30 AM 11-1 PM | 1,2,3,4 | Case problem discussion: Cancer of genital tract Obstetric emergency Traumatic injuries in labour: | |
|---|----------------|---|--|

| | | | |
|--|-----------------------------------|---|---|
| | | : | |
| Monday: 9-10.30 AM 11- 1PM | 1,2,3,4 | Case problem discussion: _ Genital prolapses; Obstetrics emergency:Retention of urine in gynaecology | 1,2,3,4 |
| Tuesday: seminar | All the students | Management of normal labor | Virtually by zoom or FCC |
| Wednesday: 9-10.30 AM 11- 1PM | 1,2,3,4 | Instrumental delivery: Instrumental delivery: | 1,2,3,4 |
| Thursday: 9-10.30 AM 11- 1PM | 1,2,3,4 | SKILL LAB: Massive obstetric haemorrhage Massive obstetric haemorrhage | 1,2,3,4 |

5th week

| | | | |
|---|----------------|---|----------------|
| Sunday: 9-10.30 AM 11- 1PM | 1,2,3,4 | Case problem discussion: Family planning Obstetric emergency; demonstration of different type of conceptions application | 1,2,3,4 |
|---|----------------|---|----------------|

| | | | |
|--|-------------------------|--|---------------------------------|
| | | | |
| Monday: 9-10.30 AM 11- 1PM | 1,2,3,4 | Case problem discussion: Diabetic mellitus in pregnancy Obstetrics emergency: Vomiting in pregnancy | 1,2,3,4 |
| Tuesday | All the students | Abnormal uterine bleeding | Virtually by zoom or FCC |
| Wednesday: 9-10.30 AM 11- 1PM | 1,2,3,4 | Case problem discussion: Anemia Emergency Obstetrics: Blood transfusion in pregnancy | 1,2,3,4 |
| Thursday: 9-10.30 AM 11- 1PM | 1,2,3,4 | SKILL LAB; malpresentation | 1,2,3,4 |

6th week:

| | | | |
|---|---------|---|---------|
| Sunday: 9-10.30 AM 11- 1PM | 1,2,3,4 | Case problem discussion: Preterm labour Obstetrics emergency: PROM | 1,2,3,4 |
| Monday: 9-10.30 AM 11- 1PM | 1,2,3,4 | Case problem discussion: Urinary problems in pregnancy Obstetric emergency: Retention of urine | 1,2,3,4 |

| | | | |
|--|-------------------------|--|---------------------------------|
| | | | |
| Tuesday | All the students | Abnormal presentations and position | Virtually by zoom or FCC |
